

Controls

One of the benefits WSP offers is a single operator system for your entire laundry: WinWash. This allows you to control not only your laundry facility's internal WSP logistics, but also all your wash tunnels, dryers and other equipment, which we connect to this system. What's more WinWash is an ideal system for tracking and tracing batch data throughout the process. An essential element in your laundry operation!

Features

- High operational reliability
- Far-reaching remote support options
- Quality guaranteed by in-house construction
- Process information supplied by third parties included in the total reporting

Technical data

- ✓ Use of industrial standard components
- ✓ Use of high-quality system buses
- ✓ Custom design
- ✓ Less disruption on workflow because of optimal preparation
- ✓ Maximum cooperation employee and machine
- ✓ Smart solutions for positioning transportation systems
- ✓ Use of WinWash provides smart HMI
